British Columbians for
Mentally Handicapped People

Dear Stephen,

A rather belated thank you for serving as our resource person for our Strategic Planning Committee at our last Board meeting, two weeks ago. Participants who attended the meeting used the framework you provided us, during the course of that weekend, to do a lot of thinking about specific tasks we could undertake as a result of that discussion.

I really do appreciate the perspective that you bring to those discussions and it can do nothing but help us become more efficient and effective as a non-profit society. When we meet again I will alert you to the time and place and if it is at all possible, we would sure like you to attend.

I will be sending, under separate cover, for your reading enjoyment, a book written by a mother of a severely handicapped child which has proven to be a best seller to the general public. Please accept it with our compliments for all the support and assistance you've offered B.C.M.H.P. during 1986.

Best wishes for the holiday season.

Yours truly,

A.B. Etmanski,
Executive Director
