## Invitation to the World CIO Forum

1-3 Nov

Shenzhen China

Mr. Stephen Ibaraki

The IFIP is an influential international organization on electronics and information technology area, composed of 56 country members. The Chinese Institute of Electronics representing of China is admitted in the IFIP as the full member. In August 2009, proposed by the representatives from country members of China, India, Netherlands, Germany, America and South Africa of International Federation for Information Processing (IFIP), the World CIO Forum proposal is approved at the IFIP general assembly. This proposal builds up the platform beyond the limit of borderline, domain and area.

As the initiator of this proposal, the first World CIO Forum will be held in China. Authorized by IFIP executive committee, the Chinese Institute of Electronics will organize this forum. The proposal of World CIO Forum is also approved by the Ministry of Industry and Information Technology of People's Republic of China and other ministries. We are committed to the preparation of the forum. The Forum is scheduled to open on 1-3 Nov 2011. CIOs, IT executives, government officials and industry decision makers from all over the world will attend the forum. Your reputation and influence is well-known in the world wide information technology area and CIO group. It is our honor to invite you to speak at the first World CIO Forum.

Wujichuan  
Chairman of World CIO Forum  
President of Chinese Institute of Electronics  
Former minister the Ministry of Industry and  
Information Technology of People's Republic of China
