Dear Stephen,

Already a month has passed since ACCC's annual meeting of the National Council of Information Technology Deans at Microsoft Headquarters in Toronto. As we prepare to send out the presentations and related documents to the participants, I wanted to take a moment to thank you once again for contributing to the success of our meeting.

Your keynote address was extremely informative and was the perfect catalyst for the discussions that ensued over the next two days. We are encouraged by the overall positive feedback and look forward to continued collaboration with CIPS, the Information Communications Technology Council, Microsoft Canada and IT Professionals, like yourself, to help guide the colleges and institutes in the delivery of training for the IT sector. Taking the time out of your very busy schedule to join us was very much appreciated.

The Deans will meet again in the year to come. Perhaps there will be an opportunity for you to join us once again. Your participation would be very welcomed.

Sincere regards,
