Essential Risk Management 101

I love what I do! Why? I get to meet the top experts in their fields and talk about their ideas.

I wanted to share with you the work of Dr. [Robert Fabian](#), I.S.P.

Bob is the recipient of the [C.C. Gotlieb Award](#), for his many outstanding contributions. He gave a fine presentation on Risk Management at [Informatics 2006](#) where he argued quite successfully that IT Risk Management is a critical best practice that all IT professionals should follow.

Bob provided his presentation for this blog. There are also some excellent reference links that are worth investigating at the end of the document:

Enjoy!
