### CC Blogged Down Interview: Internationally acknowledged Security Authority--Laura Chappell, Founder: Protocol Analysis Institute, Internet Safety for Kids Project

I have [blogged](#) about Laura's work before. This is the third interview in the series [Blogged Down](#) with Computing Canada (CC). Laura is very candid and "open" in expressing her views which I found refreshing.

Laura provides many **useful and "practical" security insights/practices** for IT managers/pros. I encourage you read this interview and click on the links she provides. I have included an index at the front so you can get to those topics of interest quickly. There are so many valuable guidelines that the [interview](#) is in text format for easier access. It will appear in an upcoming CIPS Connections newsletter.

I also encourage you to share your thoughts here or send me an e-mail at [sibaraki@cips.ca](mailto:sibaraki@cips.ca).

Thank you,  
 Stephen Ibaraki
