Dear Stephen,

The Board received a report of your many successes in the field of Information Technology from the President at the Board meeting held on May 15, 2001.

In particular the Board was told that you were the winner of the Gary Hadford Professional Achievement Award and that you had been inducted into the Canadian Information Processing Society Hall of Fame.

May we add our collective voices to the congratulations you have no doubt already received? As Board members we take a tremendous pride in the College and in its outstanding employees and, as one of those employees, we would like you to know how much we appreciate your work. We understand, too, how enriching it is for students at the College to have been instructed by someone who is not only on the leading edge of his field but whose passion is teaching.

Our sincere thanks then for all that you have done for the College and for its students and every good wish for the future.

Yours sincerely,

A handwritten signature in black ink that reads 'Naomi'.

Naomi Yamamoto  
Board Chair.
