CIPS Fellow Members

In May 2005, CIPS introduced a new membership class: the Fellow of CIPS. The Fellow Membership is awarded to professionals in the Information Technology (IT) sector who have made an outstanding contribution to the advancement of the profession or industry in Canada.

The Fellow is the highest class of membership offered by CIPS and can only be obtained with approval from the CIPS National Board of Directors. Only Fellow Members can nominate an individual for a Fellow Membership.

Fellow Members use the designation, FCIPS, after their name.

Fellow Members have agreed to uphold the highest standards of ethics and professional conduct. They will also help to promote CIPS and the association's initiatives within their sphere of influence.
