## GITCA Board Members for 2010/2011

As we approach the end of our 2009/2010 year we would like to give a huge thanks to all of the great dedicated volunteers that run GITCA. We have had to overcome many challenges since October 1<sup>st</sup>, 2008 when the volunteer version of Culminis came into being. On December 1<sup>st</sup>, 2009 we transitioned to the new name of GITCA and are now well established under that name. We would also like to thank Microsoft for the essential help and support that they have provided, and continue to provide. Our thanks wouldn't be complete without thanking our member representatives for having faith and patience and thus giving us the opportunity to work our way through the fairly lengthy transition period. GITCA is all about you and your members.

The challenges of the past 21 months have, at times, somewhat distracted us from our primary objective of providing benefits and services to our members to support and grow their organizations and to connect and strengthen the ICT community on a global basis. Nonetheless we are very encouraged by the ongoing steady addition of new member groups in all regions. Thus, now that the "transition" to a volunteer organization with a new "identity" is largely complete, it is the time, with your guidance, to put our best effort into moving forward. Accordingly, we would like to inform you of the generous and committed volunteers who will be entrusted with that task over the course of the 2010/2011 year starting on July 1<sup>st</sup>, 2010.

As you can see below there are still some positions which need to be filled [TBA]. We would like to encourage you to support GITCA, and thus your colleagues, by acting as a volunteer in some capacity. We need your help to deliver what the community wants and needs in order to benefit all. If you cannot find the time nor feel qualified to fill a Board position right now that doesn't mean that your help is not valued or useful. If you wish to volunteer in any capacity please contact your Regional Chair or email [info@GITCA.org](mailto:info@GITCA.org).
