THE JUDGES

### WHO ARE THE JUDGES ?

Pre-eminent developers. Community leaders. Technology advocates.

**Stephen Ibaraki**  
Vice President  
Canadian Information Processing Society

Stephen is a 35+ year veteran of Business and IT, a past professor of business and technology, and serves as an international Board Director for the international Network Professional Association (NPA). He is the Vice-President for the Canadian Information Processing Society (CIPS) and the incoming President for the Canadian Information Processing Society in May 2007.

Stephen has received more than 20 national and international awards. His career achievements and references number more than 500 pages. He's a Microsoft Most Valuable Professional (MVP), Distinguished Fellow of the Network Professional Association (DFNPA), Certified Network Professional (CNP), Fellow of the Canadian Information Processing Society (FCIPS), and Information Systems Professional (I.S.P.), among many other certifications. And, he built his first analog computer in 1965.

**SUBMIT YOUR NOMINATIONS NOW.**

### THE MSDN CODE AWARDS. FOR THOSE WHO LIVE BY THE CODE.
