National Council of Information Technology Deans Forum

Summary

The Association of Canadian Community Colleges (ACCC), the coordinating committee of the National Council of Information Technology Deans (NCITD) and Cisco cordially invite you to attend the National Council of Information Technology Deans Forum.

Program Highlights

Although program details are still being finalized, the following are some of the program highlights for the 1.5 meeting:

Keynotes presentations from two leading IT visionaries:

- Stephen Ibaraki, Past President of the Canadian Information Processing Society

Stephen Ibaraki, transitioned from Chairman and President to Past President of the [Canadian Information Processing Society](#) and serves on the OEC (Office of the Executive Council). Stephen is a past award-winning college educator and program head, a writer, a speaker and an IT professional with more than 20 years experience working with technology. Stephen has been a keynote speaker at many conferences in Europe and in North America and has been the recipient of Microsoft's Most Valuable Professional (MVP) award three years—an award for those specially selected from more than 30 million IT professionals as a global independent expert. Amongst his more than 40 international recognitions including [7 lifetime achievement awards](#), he is the 2008 recipient of the prestigious industry-based ASTTBC Advanced Technology Award Leadership in Information Technology. Stephen recently became the first Chairman of the Global Board [Culminis](#), the world largest international organization (1125 student IT groups, associations, user groups million members) devoted to the development and growth of the IT community. [Click here](#) for more information.

- David Ticoll, CEO of Convergent Strategies

David is also Director of the Information Technology Association of Canada. He is the Chair of the Expert Forum on the IT Labour Market of the Information & Communications Technology Council as well as the Bell Coalition Tomorrow's ICT Skills. David is a Research Fellow at the University of Toronto Knowledge Media Design Institute and has authored several best-sellers, including Digital Capital: Harnessing the Power of Business Webs, The Naked Corporation: How the Age of Transparency will Revolutionize Business. [Click here](#) for more information.

- Presentations by [Cisco](#) and [Microsoft Canada Co.](#) on their program offerings, HR requirements and how we could collaborate to increase enrollment in ICT Programs.
- A Presentation by Norman McDevitt, Vice-President, [Information and Communications Technology Council \(ICTC\)](#).
- ICTC Learning Objectives from the Occupational Skills Profile Project a Tool for Curriculum Development Currency.
- Success in recruitment and enrolment in Information and Communications Technology programs: follow-up from last year's exercise

***Please note that simultaneous interpretation will not be available for this event.**

Who Should Attend:

Deans, Directors, Chairs and Coordinators from across the country will have an opportunity to come together and meet and exchange with IT leaders and colleagues from the industry. You will learn about national initiatives training within the college and institute system, discuss common challenges, present regional perspectives, discuss next steps in terms of working together as a national group.
